MADE IN UK

the world's most advanced self-fit mouthguard

OPRO are UK based and the world's leading custom mouthguard supplier, supplying all 12 of the Guinness Premiership Rugby Clubs. The **OPROshield** range are all fully CE tested and certified, setting totally new standards for self-fit mouthguards.

The **OPROshield** models introduce the patented **OPROfin** retention system which gives the **OPROshield** the best retention (fit) performance of any self-fit mouthguard in the world.

**AFTER
FITTING**

The **OPROshield** boil and bite mouthguard is the **first** mouthguard that has full **CE Type Certification**. 

Each **OPROshield** is packaged with its own mouthguard container and mini CD fitting instructions.

*"The fitting aspect is a **real plus** over existing types of guard. The free CD is simply **brilliant**."*

*"The colour is the best bit - how many mums wash kit and when emptying pockets, ask her boys **"whose is which?"** and they all try on each guard to see who owns which one!"*

Ram Custom Headgear

RAM CUSTOM HEADGEAR SHOP *

Impact Rugby Custom headgear have become a feature of many top flight competitions around the world. IRB approved and made in Australia, the headgear are light and comfortable and can be designed to complement almost any jersey design.

"Ram Premier headguards are fantastic. Everyone I've shown them to at the clubs have been very impressed both with the quality and the weight of them. Normally they can be heavy and stiff but these are so light and comfy the lads hardly know they are wearing them. On behalf of Safety in Rugby and the players now using your headgear I would like to thank you."
